VOTING INTEGRITY AND VERIFICATION ACT

Mr. BURNS. Mr. President, I would like to take a few moments to comment on S. 2437, the Voting Integrity and Verification Act, VIVA, which prevents any vote in the upcoming election from being cast inaccurately by allowing voters to check their ballots on paper to ensure accuracy. The paper trail required with this bill would serve as a safety net if an electronic malfunction happens to occur.

American voters are skeptical coming into the 2004 election after the much debated recounts that took place in the 2000 election, and in order to put the voters at ease, we must make our voting technology better and keep every vote on record. I have heard from several Montanans who say they want the security to view an individual paper version of the ballot before it is cast and counted. They also want to know they have the opportunity to correct errors that are discovered on the individual paper version of the ballot that this bill will provide. I join Senator ENSIGN and Senator REID in urging all of my colleagues to vote in favor of the Voting Integrity and Verification Act of 2004 to ensure that votes are accurately cast in the upcoming election.

PROGRESS ON TAA

Mr. GRASSLEY. Mr. President, I rise to address the progress that's been made in how the Trade Adjustment Assistance, or TAA, program operates. You may recall that in 2002, I worked with Senator BAUCUS to shepherd landmark TAA reforms through Congress. President Bush acknowledged the role of TAA as an important part of his comprehensive trade agenda when he signed these reforms into law in August of that year. The reform legislation made a number of changes to TAA, including, for the very first time, the addition of a new health coverage tax credit, or HCTC, and a new wage insurance provision, as well as a doubling of the funds available for retraining workers dislocated by trade. Given the number and significance of the changes made to TAA, I joined Senator BAUCUS in asking the Government Accountability Office, or GAO, to study how the TAA Reform Act is being implemented. Separately, we asked GAO
